

May 18-19, 2015
Paris, France

LLB Workshop on New Opportunities in Neutron Scattering: Small to Medium Sources and Their Applications

GOAL : Start the dialogue in France about the next national neutron facility. Increase the awareness of the capabilities of accelerator driven sources among French and other European stakeholders; Initiate a small working group to start the evaluation and planning process for a next national facility

Agenda

Monday 18 Afternoon: 13:00
Context and Landscape 14:00-18:00
Tuesday 19 Morning:
Neutron Sources 9:00-13:00
Tuesday 19 Afternoon:
Applications 14:30-18:30

place : HOTEL SAINT PETERSBOURG
33 & 35, rue Caumartin 75009 Paris

International Scientific Committee

Ian Anderson (chair),
C Alba-Simionesco
Robert McGreevy,
Sebastian Schmidt,
Gérard Gébel,
Kurt Clausen,
Ferenc Mezei.

Invited speakers

R. McGreevy (ISIS, GB)
D. Baxter (LENS, USA)
M. Furusaka (Japan)
E. Pitcher (ESS)
N. Chauvin (CEA/DSM/IRFU)
Chun Loong (BNT)
Jürg Schefer (PSI)
F. Cantargi (Bariloche)
J-L Martinez (ESS-bilbao)
A. Pisent (MUNES)
C. Andreani (Rome)
